The Marshal Scholarship offers intellectually distinguished young Americans the opportunity to attend graduate school for two years in any discipline in the United Kingdom.

The Marshall Scholarship requires students to be endorsed by their campuses. At UCSB, the endorsement process for all students regardless of their colleges is coordinated by Zach Romash, an academic advisor in the College of Letters and Sciences. Students should send an email indicating their interest in the Marshall Scholarship to scholarships@ltsc.ucsb.edu well before the campus deadline, and they will be contacted by Zach, who works closely with students as they prepare their applications. In addition, a student should consult with a professor in his/her area of study while preparing the Marshall application. The Campus Learning Assistance Services (CLAS) staff will be available throughout the summer to help you with the preparation of your personal statement.

You may obtain scholarship information and access to the online application at www.marshallscholarship.org. Carefully read the details about eligibility and applying on the Marshall website. The process of identifying a program of study at British universities and applying for the scholarship takes time and planning.
